Input / Comments

6. In your experience, what areas of the bushfire emergency response worked well?

7. In your experience, what areas of the bushfire emergency response didn't work well?

8. In your experience, what needs to change to improve arrangements for preparation, mitigation, response and recovery coordination for national natural disaster arrangements in Australia?

I am extremely dismayed that the Federal Govt's funding of community organisations, to be part of long-term follow-up and restoration did NOT include Landcare groups. Landcare is local people with local knowledge, on the ground. They are already organised to respond to local habitat issues. They should surely have been included in plans for future preparedness and mitigation of current disasters. For

instance, in my local area, we would expect Barung Landcare to be involved in assisting with habitat restoration by providing plants for revegetation as we are one of the local groups best placed to do that work.
